Saturday Night dinner at Ballard's
Looking Sharp!

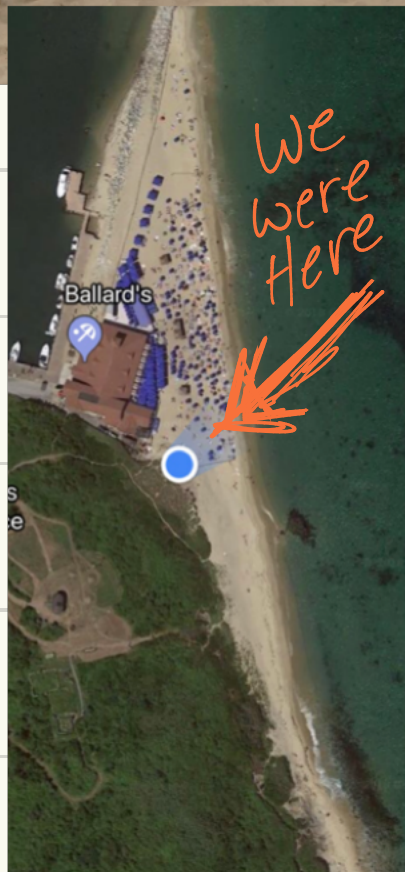

We arrived onto Block Island from the Point Judith 7:00 ferry. We had a little daylight left to put our tents up. Camping right on the beach - the water crashing a few feet away.

It's a cool and foggy night. Perfect sleeping weather.

Class A uniforms for dinner at the restaurant
Cheeseburger, cheeseburger, cheeseburger

Troop 11 patrolled the beach at Ballard's and picked up all the garbage left there. Afterward the boys went into the freezing cold June water. Not one complaint of being cold. Go figure. They were happy.

The weather reports were bleak but the sun came through every day. There was not enough sun screen applied.

Welcome Lou Q. And
Peter C. on their first
Block Island troop trip.
Also, great to have moms
Yayoi and Jennifer

Happy
Birthday
